VACUUM LIFTER - TRIPLE CUP

VLT070

Lever operated vacuum, for use in hand lift applications only.

Features and Benefits

- Tool material: Metal
- Cup diameter: 120mm
- Weight: 1,140g
- Maximum lift: 110Kg
- Fitted with rubber suctions which will not damage contact surface during the lifting action
- For use on glass, tiles, plastic or other smooth surfaced non-porous material
- Can also be used for pulling out dents
- Not be used in conjunction with mechanical lifting equipment

Note

Multiple vacuums used on a single load can only improve handling.
If using more than one vacuum tool the ratio of maximum lift capacity does not increase.
To lift heavier weights a larger vacuum must be used.
