DISPLAYPORT
Locking DisplayPort Cables

DisplayPort is a 20 pin connector similar to HDMI but designed to replace DVI/VGA. The standard was put forward by VESA to define a new royalty free audio/video connection.

DisplayPort is very simple to use and makes connecting your PC to your DisplayPort enabled display very easy. Our DisplayPort cables are black with gold flashed locking connectors to reduce disconnection due to cable strain.

Features
- **0.5 and 1m Lengths:** DisplayPort Version 1.2
- **1, 2 and 5m Lengths:** DisplayPort Version 1.1
- **7m, 10m and 15m Lengths:** Support 1080p@60Hz only
- Locking DisplayPort connectors
