STAINLESS STEEL PATIO KNIFE WITHASH WOOD HANDLE 1540x70x30mm

DATA SHEET
KEN-522-9561E

The Stainless Steel Patio Knife with Ash Wood Handle is a durable gardening tool designed for cleaning and maintaining patios, paths, and other hard surfaces. The high-quality stainless steel blade ensures excellent resistance to rust and corrosion, providing long-lasting performance. The ergonomic ash wood handle offers a comfortable grip, reducing strain during use. Its sharp, precise blade allows for effective removal of weeds, moss, and dirt from between paving stones and cracks. With its sturdy construction and user-friendly design, this patio knife is an essential tool for keeping outdoor spaces tidy and well-maintained, making it a reliable addition to any gardener's toolkit.
