STAINLESS STEEL WEEDING FORK WITH MIDI HANDLE 460x78x65mm

DATA SHEET
KEN-522-9561H

The Stainless Steel Weeding Fork with Midi Handle is a compact, durable gardening tool designed for removing weeds and cultivating soil in smaller garden areas. The stainless steel tines are sharp and strong, providing excellent resistance to rust and corrosion for long-lasting use. The ergonomic midi handle offers a comfortable grip, making it easier to work for extended periods without strain. Its compact size ensures precision and control, making it perfect for use in raised beds, flower pots, and tight garden spaces. With its sturdy construction and user-friendly design, this weeding fork is an essential tool for effective weed removal and soil aeration.

Features and Benefits
