STAINLESS STEEL MIDI HANDLE CULTIVATOR 440x105x40mm

DATA SHEET
KEN-522-9561K

The Stainless Steel Midi Handle Cultivator is a versatile gardening tool designed for breaking up soil, aerating beds, and mixing compost. The high-quality stainless steel prongs offer excellent durability and resistance to rust, ensuring long-lasting use. Its compact size and ergonomic midi handle provide excellent control and comfort, allowing for precise cultivation in small to medium-sized garden spaces. The lightweight design reduces hand fatigue, making it ideal for extended use. Perfect for gardeners looking to improve soil structure and enhance plant growth, this cultivator combines strength, convenience, and comfort for effective soil preparation and maintenance.

Features and Benefits

- Durable stainless steel prongs for long-lasting performance and rust resistance
- Compact size allows for precise cultivation in small to medium-sized garden spaces
- Ergonomic midi handle provides comfort and control during use
- Lightweight design reduces hand fatigue for extended gardening sessions
- Ideal for breaking up soil, aerating beds, and mixing compost
- Enhances soil structure and promotes better plant growth
- Combines strength, convenience, and comfort for effective soil maintenance

Notes

- Dimensions: 440x105x40mm
