Hand Sanitiser Wipe.

Product Information. PRODUCT CODE: W68230

Pal Hand Sanitiser Wipes are designed to provide fast and convenient hand cleaning and sanitisation. The wipes are impregnated with a sanitising solution. The wipes are dermatologically tested and include skin conditioners which leave the skin moisturised and refreshed.

Areas of use:

The wipes can be used in a variety of environments where hand sanitisation is needed. Ideally suited to areas where hand washing facilities are unavailable and in medical and care environments where additional hand hygiene is important.
The wipes are easy to use and convenient, giving peace of mind and reducing the spread of infection from hand-borne bacteria and viruses.

Benefits of use:

Compliant

- Reduce the risk of infection by keeping hands sanitised.
- Dermatologically tested, leaves skin moisturised and refreshed.
- Can be used as part of an infection control system.

Convenient

- Fast and easy to use with no need for soap and water.
- Easy to carry tub can be kept exactly where it is needed.
- Handy for use in vehicles or outdoor activities.

Cost effective

- Single use and easily disposed of, saving time and money.
- 150 large wipes per canister means very low cost per unit.
