MAGNETIC TOOL HOLDER 300mm

DATA SHEET
KEN-582-5869B

The Magnetic Aluminium Tool Holder provides a secure and convenient way to organise and store hand tools. Designed with a strong magnetic strip, it firmly holds metal tools such as wrenches, screwdrivers, pliers, and more, keeping them easily accessible in workshops, garages, or industrial settings. The durable aluminium construction ensures long-lasting performance, while its sleek design allows for efficient use of space.

Features and Benefits

- Strong magnetic strip for securely holding metal hand tools
- Durable aluminium construction for long-lasting use
- Ideal for organising tools in workshops, garages, and industrial settings
- Space-saving design for efficient storage
- Easy to install on walls, workbenches, or tool stations
