QUALITY INDUSTRIAL TOOLING

PIPE VICE & STAND

MODEL: VPS055
KEN-588-8220K

- **Used for repetitive tasks on pipework**
- **Folding design for easy storage and transportation**
- **The frame of the pipe vice is made from cast iron with jaws made from hardened tool grade alloy steel**
- **The top jaw of the pipe vice is held in position with a hook which automatically engages when the vice is closed**

MODEL VPS085
KEN-588-8240K

- **Corrosion resistant coating**
- **Integral tool tray**
- **Wide angled legs for greater stability**

These instructions are also suitable for models TSS055 & TSS085 (Stands only)

WARNING: THE SAFETY INFORMATION GIVEN INSIDE MUST BE READ AND UNDERSTOOD BY ANY PERSON USING, INSTALLING, REPAIRING OR MAINTAINING THIS PRODUCT.

OPERATOR'S MANUAL

Please retain this information for future reference.

KENNEDY **thoroughly recommends reading these instructions before using the Pipe Vice & Stand, even if you have used one before. Reading these instructions carefully and understanding them fully will enable you to erect the stand correctly and will prevent injury to yourself or someone else.**

SAFETY GUIDELINES

- This item is heavy, take care when lifting heavy objects.
- Before each use, ensure that all nuts and bolts are correctly fitted and are tight.
- When working with long lengths of pipe you may need to support the other end of the pipe.
- Keep children and unauthorised people away from the work area.
- Keep the work area clean and tidy.
- Use on a level and firm surface. Do not use on tarmac or soft surfaces.
- Store in a secure, dry place.

INSTRUCTIONS FOR USE

TOOLS NEEDED: 17mm socket or spanner

1) Open out the wooden base (A) so that it is flat on the floor. (fig. 1)
2) Remove the 17mm nut and bolt (B) holding the rear leg (C). (fig 2)
3) Turn the rear leg (C) upside down and refit. (fig. 3)
4) Raise the metal tray (D) into the horizontal position, locating the hooks onto the bars on the rear leg (C). (fig. 4)
5) The wooden base can be raised and held in the vertical position with the rubber restraining strap (E). (Fig 5)
6) It is now ready for use with the Kennedy Pipe Vice. (fig. 6) Be sure to keep the stand on a level floor.
