PLASTIC SPANNER HOLDER

The Plastic Spanner Holder is a practical solution for keeping your spanners organised and easily accessible. Designed to hold up to 15 spanners, it helps maintain a neat and efficient toolbox or workstation, ensuring quick size identification and easy access. Its lightweight and portable design make it perfect for carrying around the worksite, and it can also be hung on a wall for convenient storage.

Features and Benefits

- Holds up to 15 spanners for quick access
- Portable design is easy to carry around between job sites
- Wall mountable offering convenient storage
- Keeps tools neatly arranged, preventing cluttering in your toolbox
- Easy size identification simplifies tool selection, saving time and effort

Notes

- Spanners not included
