DATA SHEET

6 Drawer Top Chest - Industrial Range KEN-594-2220K

Features and Benefits:

Excellent Design:

- Coated in two part epoxy powder paint providing a corrosion-resistant and durable finish
- Angled corner protection helps maintain product Shape
- Steel inner walls added strength and extra rigidity
- Perforated sides optimise space with easy to install accessories and tool holders
- Non-slip EVA top mat and liners prevent damage and protect tools
- Fully opening drawers with magnets to secure them in place
- 45mm Ball bearing slides give good drawer stability and smooth action even under load
- Top chests can combine with roller cabinets for maximum storage or as a standalone unit

Greater Security:

- Full Height Locking system with cylinder locks for added security

Increased Mobility:

- Strong ergonomics side handle, which can fit to either side of the unit, facilitate easy repositioning

Enhanced Safety:

- Spring loaded catches prevent drawers opening when repositioning
- Top lid fitted with 2 steel stays which lock into position (option to upgrade to gas struts)

Options:

- A Range of **Tool Control Inlays, Accessories & Spares Available**
