DATA SHEET

Product Code: KEN0302610K
Brand : Kennedy

150mm (6") Knife Smooth Engineers File

Product Information :

These knife files possess two equal surfaces, tapered to a knife point. The tools are used for filing and deburring narrow grooves, slits and gear-teeth. Used principally by tool and die makers on work having acute angles, the products are unhandled and can deliver various cuts depending on your selection.

Features and Benefits
- Available in a variety of specifications to deliver various cuts depending on your needs
- Two equal surfaces for double the usage
- Tapers to a point for accurate filing and deburring

Typical Applications
- Construction
- Engineering

Standards
- GGG-f-325b
- BS 498:1990

EAN Code - 5036140090804

PRODUCT ATTRIBUTES
