DATA SHEET

Product Code: KEN0505510K
Brand : Kennedy

51mm DIA. (2") BI-METAL V /P HOLESAW

Product Information :

The Kennedy® variable pitch hole saws deliver high quality holes in a range of materials, including wood, steel, brass, bronze, and cast iron. The M3 HSS cutting teeth aggressively cut to give a very smooth finish with little to no tear out.

Features and Benefits
• Cuts up to 40% faster than constant pitch saws
• Varying tooth pitch disrupts harmonics to substantially reduce noise
• Tooth life is extended when used in conjuction with a cordless drill

Typical Applications
• Construction
• Engineering
• Maintenance

Notes
• 4-6 teeth per inch
• 28.5mm (11/8") cutting depth

EAN Code - 5036140027282

PRODUCT ATTRIBUTES

Blade Construction	- Bi-metal
Blade Material	- Bi-Metal
Body Material	- Alloy Steel
Compatible Arbor	- K10
Compatible Arbor	- K2
Cutting Depth	- 28.5mm
Cutting Diameter	- 51mm
Diameter	- 51mm
Item	- Holesaws
Number of Pieces	- 1
Tooth Pitch	- Variable
