Article datasheet NP-FIBER11

Article:	NTT Fiber Optic Cleaning Pen for SC/FC/ST/E2000 optical connector
Art. No.:	NP-FIBER11
EAN:	725844669571
Short text I:	Cleaning pen for fibre optic connectors for SC, FC, ST and E2000 (APC and UPC)
Gross weight (kg):	0.03
Length (m):	0.195
Width (m):	0.026
Height (m):	0.0185

Despite its light weight and compact size, the fiber optic cleaning pen can clean over 1000 connector end surfaces with just one unit. The cleaning capability is improved by using a special thread for cleaning optical connectors.

Quickly testing and identifying damage of fiber links

The VLP50 is an essential tool for quickly and easily testing and identifying problems in fiber cables. By showing the exact location of fiber damage
you can fast diagnose, troubleshoot, and fix the problems on your fiber links. The VLP50 comes with a 2.5 mm interface and is compatible with SC,

ST and FC connectors. Even if you need to test with LC and MU connectors you can use the 1,25 mm adapter which is coming which is enclosed in every VLP50.
