DATA SHEET

Product Code: KEN4211490K
Brand : Kennedy

14 x 9 x 300mm RECTANGULAR KEY STEEL

Product Information :

Supplied in rectangular, metric sized bars, this range of key steel is formed from a high grade mild steel, with a self colour. Available to purchase in various sizes to suit your specific application, all bars have a length of 300mm, but vary in terms of width and height.

Features and Benefits
- Available in a range of widths and heights to suit your application
- Saves you time when milling down to size, as the product comes in a smaller and more compact size than sheet metal
- Ensures material wastage is minimal as you can select the size that best suits your application

Typical Applications
- Engineering
- Manufacturing

Standards
- DIN 6885
- BS4235 Part 1 1972

EAN Code - 5036140107939
