**FAQ 1 QUESTION**

What tools can I use a SITEH3RO holder with?

**FAQ 1 ANSWER**

SITEH3RO holders are designed for use with our specialist SITEH3RO range of metalworking tools; taps, car reamers, step reamers and step drills.

**FAQ 2 QUESTION**

How is a SITEH3RO holder used?

**FAQ 2 ANSWER**

SITEH3RO holders are designed to easily connect with an impact wrench through our Connect, Click Go system. Ideal for use with any standard 1/2" or 3/4" impact wrench (holder dependent), the holder easily connects from any angle; simply pull forward the holder, insert the tool and release.

**FAQ 3 QUESTION**

Where should I use a SITEH3RO holder?

## FAQ 3 ANSWER

SITEH3RO holders are ideal for use in situations where heavy-duty machinery isn't viable, such as working at height or in confined spaces. The ease of switching between tools, as well as the strength of the holder, ensure massively reduced risk of falling tools and other hazards.
