Product Code: KEN5010620K
Brand : Kennedy

Adjustable Spanner Set, Steel, Set of 2

Product Information :

Manufactured from high strength 'I' beam section phosphate vanadium steel for improved strength and rigidity, these adjustable wrench sets are suited for professional use. Possessing heat treated jaws for extended tool life, a high polished corrosion-resistant finish and a 15° offset head angle for positive torque control. The product also boasts slimline tapered jaws for improved access into confined spaces and parallel jaws with smooth jaw adjustment and self-locking design prevents the jaws opening unintentionally. Available as a set of 2 or 3 wrenches.

Features and Benefits
• Manufactured from high quality vanadium steel which offers product durability
• Possesses a phosphated finish to protect against corrosion and wear and tear
• 15° offset head angle allows for positive torque control
• Smooth jaw adjustment allows the user to easily adjust the tool to their needs
• Self-locking design prevents the jaws opening accidentally even when they are under full load

Typical Applications
• Plumbing
• Automotive
• Engineering
• Construction
• DIY

Standards
• Conforms to BS 6333-1995
• Conforms to DIN3117-1988

EAN Code - 5036140018587

PRODUCT ATTRIBUTES

Finish/Coating	- Phosphate
Handle Material	- Steel
Jaw Material	- Steel
Maximum Jaw Capacity	- 33mm
Maximum Jaw Capacity	- 24mm
Number of Pieces	- 2
Overall Length	- 150mm
Overall Length	- 250mm
Standards Met	- BS 6333-1995
Standards Met	- DIN3117-1988
Type	- Adjustable Spanner Set
