Stubby Type Adjustable Spanner 139mm

Compact adjustable spanners designed for tightening and loosening fasteners in confined and hard to reach spaces. The lightweight stubby design combines a super thin head, extra wide jaw opening and deep throat profile for improved access, control and versatility in restricted working areas.

Features and Benefits

- 15° angled head improves access in awkward spaces
- Stubby handle allows use in confined areas
- Extra wide jaw opening increases versatility
- Super thin head fits into narrow spaces
- Lightweight construction improves handling
- Deep throat design improves fastener engagemen

Finish/Coating	Black Phosphate
Jaw Material	Chrome Vanadium Steel
Maximum Jaw Capacity	32mm
Overall Length	139mm
