DATA SHEET

Product Code: KEN5032640K
Brand : Kennedy

DOUBLE HEAD SUCTION CUP 1 20mm (70KG)

Product Information :

Perfect for use in hand lift applications, these suction cups provide a strong, reliable seal.

Features and Benefits
• Multiple vacuums used on a single load improve handling
• All are fitted with a rubber suction which will not damage contact surface during lifting

Typical Applications
• For use on glass, tiles, plastic or other smooth surfaced non-porous material
• Can also be used for pulling out dents
• Hand lift only, must not be used in conjunction with mechanical lifting equipment

Notes
• To lift heavier weights, a larger vacuum must be used

EAN Code - 5036140015388
