HDMI

2 Port Bidirectional HDMI Switch

The bidirectional switch allows you to connect two 8K @ 60Hz displays to one 8K @ 60Hz source (such as a computer) or two sources to one display.

The maximum length of cable should not exceed 5mtrs in and 5mtrs out. For best performance, keep the HDMI cables as short as possible.

Features

- 2 Port
- HDMI 8K@60Hz or 4K@120Hz
- Bidirectional
- Manual Switch
- Metal Housing
- Gold Flashed Contacts
