UPVD01

Air ventilation grids IP 44

CONNECT AND PROTECT

Item no.	UPVD01

Description: For ventilating the enclosures. Can be concealed if mounted on the inside panel of the double walled corner. Machining is required (hole 34.9 mm diameter).

Material: Polyester.

Protection degree: IP 44.

Pack quantity: 2 pieces.

These air vents allow air to be circulated inside the enclosure, minimising the risk for water condensation, while maintaining the IP44 protection degree.
