DATA SHEET

Product Code: KEN5058770K
Brand : Kennedy

LINE TYPE PRY BAR SET (2-PCE)

Product Information :

Manufactured from forged carbon heat-treated steel with ground points, these heavy-duty pry bars are ideal for use by tradespeople in any industrial environment. Complete with an angled head for bolstered leverage, each bar has one pointed end and one chisel for multi-purpose use.

Features and Benefits
• Angled blade provides greater leverage than straight bars
• Forged carbon steel construction that has been heat-treated for durability
• Ground point holds its edge even with extended use
• Set contains two sizes to allow you to use the product that best suits your application

Typical Applications
• Industrial
• Automotive
• Logistics

EAN Code - 5036140035713
