QUALITY INDUSTRIAL TOOLING

DATA SHEET

# 0.5-6.0mm² Non-insulated Terminal Crimp Tool

This non-insulated terminal crimp tool possesses a full cycle ratcheting crimp frame and fully adjustable crimp pressure. Boasting carbon steel jaws with a chemically blacked finish and PVC handles. Replacement jaws are available separately.

## Features and Benefits

- Adjustable crimp pressure to suit multiple and varied applications
- Carbon steel jaws are highly durable
- Chemically blackened finish bolsters resistance to corrosion
- PVC handles improve user comfort when using

## Technical Specifications

- Jaw material: Carbon steel
- Tool material: Steel
- Handle cover material: PVC
- Overall length: 225mm
- Capacity: 0.5-1.0, 1.0-2.5, 4.0-6.0mm²

## Typical Applications

- Construction
- Engineering
- Electrical
