

Light Duty Machine Mount - For Light Machinery

Facts

- ***Withstands loads up ta 2000 kg per machine mount***
- ***Also available in stainless steel for use in environments with especially stringent requirements***
- ***Articulated bott for inclined surfaces***

Light Duty Machine Mount is a series of machine mounts specially developed for lighter equipment such as wood processing machines, compactors, light industrial machinery, office equipment and domestic appliances.

The machine mounts in the **Light Duty Machine Mount** series consist of levelling bolts wijh vulcanized rubber feet which guarantees safe and reliable installation on most surfaces.

These mounts can be fitted both in internal and external holes in the machine frame and chassis.

Application areas

- ***Light engineering machinery***
- ***Compressors***
- ***Office equipment***
- ***Domestic appliances***
