14-inch 16:9 Laptop Privacy Screen, Reversible Gold Filter w/Enhanced Privacy, Computer Security Filter, Removable Screen Protector/Shield, +/- 30 Deg.

Product ID: 14G-PRIVACY-SCREEN

This Laptop Privacy Screen features a universal design compatible with 14-inch laptop screens with a 16:9 aspect ratio display. Gold Privacy Filters have a reflective surface that instantly transitions from a clear view to a mirror effect outside of the intended viewing angle, significantly improving visual privacy when working in an office or public environment.

The gold security filter is a convenient solution that features a quick shift to a mirror-like effect to protect confidential data from unwanted viewers while maintaining a clear view of 60 degrees (+/- 30 degrees from the center) for the user.

The privacy filter's removable and reversible design allows users to effortlessly switch between a glossy gold side for maximum privacy and an anti-glare matte side for environments prone to glare. The matte side provides additional screen protection with a scratch- and fingerprint-resistant coating.

The universal design won't interfere with top-mounted webcams, sensors, or when closing the lid. The privacy filter can be installed in two different ways. Affix the privacy shield to bezel-less displays using the transparent and residue-free adhesive strips. Alternatively, use the slide mount tabs to install the privacy screen on displays with bezels. The latter is recommended when frequent reversal or removal is required.

Reduce eye strain and improve visual comfort with this blue light-reducing privacy shield. It blocks 40% - 51% of the blue light emitted from the display in the 380nm - 480nm wavelength range. Digital eye strain can lead to symptoms like headaches, dry eyes, and blurred vision.

Certifications, Reports and Compatibility

Applications

Features

• PROTECT SENSITIVE VISUAL DATA: Privacy screen featuring Microlouver technology, which obscures the view outside a 60-degree viewing angle; Gold finish protects sensitive data on screen by providing a quick transition to a mirror-like effect

• FOR 14" LAPTOPS: Designed to fit 14-inch notebooks with widescreen 16:9 displays; Privacy filter dimensions: 12.2x6.8in (31x17.4cm); Filter does not interfere with top-mounted webcams, sensors, or closing the lid

• REDUCE EYE STRAIN: This laptop computer privacy screen blocks up to 51% of blue light, which helps to reduce digital eye strain and improves visual comfort during prolonged use; Light transmittance of 60% for better screen readability

• REVERSIBLE FILTER: Gold glossy side for maximum privacy while maintaining color vibrancy and an anti-glare matte side that features a fingerprint-resistant coating; Security shield with removable design enables switching between glossy and matte finishes

• HASSLE-FREE APPLICATION: Included adhesive strips to install the screen protector on bezel-less/slim bezel displays or use the mounting tabs for monitors with raised bezels; Extra adhesive strips & mounting tabs (MON-PRIVACY-SCREEN-K) sold separately

Hardware		
	Warranty	2 Years
	Orientation	Horizontal
	Mounting Options	Front of Monitor
Special Notes / Requirements		
	Note	The glossy gold finish produces a mirrored effect that may result in noticeable reflections depending on the surroundings.
Physical Characteristics		
	Color	Gold and Black
	Aspect Ratio	16:9
	Material	Plastic
	Product Length	6.9 in [17.4 cm]
	Product Width	12.2 in [31.0 cm]
	Product Height	0.0 in [0.5 mm]
	Weight of Product	3.5 oz [100.0 g]

Packaging Information		
	Package Length	9.6 in [24.5 cm]
	Package Width	15.4 in [39.0 cm]
	Package Height	0.2 in [6.0 mm]
	Shipping (Package) Weight	7.8 oz [222.0 g]
What's in the Box		
	Included in Package	1 - Privacy Screen
		1 - Mounting Tabs Kit
		1 - Adhesive Strip Kit
		1 - Plastic Sleeve
		1 - Wiping Cloth
		1 - Quick-Start Guide
