DATA SHEET

Product Code: KEN5182130K
Brand : Kennedy

100x2.40mm (3/32") PARALLEL PIN PUNCH

Product Information :

Ideal for driving tight-fitting pins out of mechanical assemblies or realigning holes to fit dowel pins, these parallel pin punches are available in a variety of metric sizes. Manufactured from hardened and tempered steel and complete with a knurled body for extra grip.

Features and Benefits
• Manufactured from hardened and tempered steel for maximum durability
• Knurled body allows for bolstered grip and control when using
• Available in an array of metric sizes to suit your specific application

Typical Applications
• DIY
• Engineering
• Workshops

Standards
• BS 3066

EAN Code - 5036140111264

PRODUCT ATTRIBUTES
