DATA SHEET

Product Code: KEN5182150K
Brand : Kennedy

100x3.20mm (1/8") PARALLEL PIN PUNCH

Product Information :

Ideal for driving tight-fitting pins out of mechanical assemblies or realigning holes to fit dowel pins, these parallel pin punches are available in a variety of metric sizes. Manufactured from hardened and tempered steel and complete with a knurled body for extra grip.

Features and Benefits
- Manufactured from hardened and tempered steel for maximum durability
- Knurled body allows for bolstered grip and control when using
- Available in an array of metric sizes to suit your specific application

Typical Applications
- DIY
- Engineering
- Workshops

Standards
- BS 3066

EAN Code - 5036140111271

PRODUCT ATTRIBUTES
