DATA SHEET

12oz. 'Warrington' Cross Pein Hammer

Traditionally used by joiners and fitters, this hammer can be used for setting pins and nails prior to 'driving home' with the flat faced pein. With a close grained hardwood shaft shaped to comfortably fit in the hand, this hammer features a forged steel head with ground and polished striking face.

Features and Benefits

- Forged steel head is highly resilient and stands up to extensive use
- Ground and polished striking face helps deliver solid and accurate blows
- Waxed shaft, ergonomically shaped for user comfort and control
- Available in a range of sizes to suit your specific needs

Technical Specifications

- Head material: Drop forged steel
- Shaft material: Hardwood
- Head weight: 340g (12oz.)
