KENNEDY
QUALITY INDUSTRIAL TOOLING

DATA SHEET

1/2lb Rubber Mallet

These rubber-headed mallets possess a soft face for use where steel hammers would mark the surface. They are ideal for providing a gentle but firm blow with little rebound. Completed with a solid hickory shaft. High-quality all-purpose mallets used widely for automotive, industrial, DIY and camping.

Features and Benefits

- Solid hickory shaft is resilient and resistant to general wear and tear
- Rubber head delivers a firm blow whilst minimising damage to the workpiece
- Little rebound to maximise user safety
- Available in varying sizes to suit your requirements
