100mm LONG HANDLED SCRAPER

Product Information :

Wall scrapers are suited for removing wallcoverings, paint, floor and wall tiles easily. Fitted with a two-sided blade, the blunt side of the blade is useful for stripping off paint, removing wallcoverings and tiles, whilst the sharp edge will easily remove paint from glass. Blades are easily changed and replaced when necessary to keep your tool working to the best level. Complete with a long handle and rubber grip.

Features and Benefits
- Two-sided blade allows for versatility of use
- Long handle allows you to reach areas that are high up or awkward to access
- Blades can be replaced and changed when blunt or no longer at the optimum level
- Textured, rubber grip improves user comfort and control
