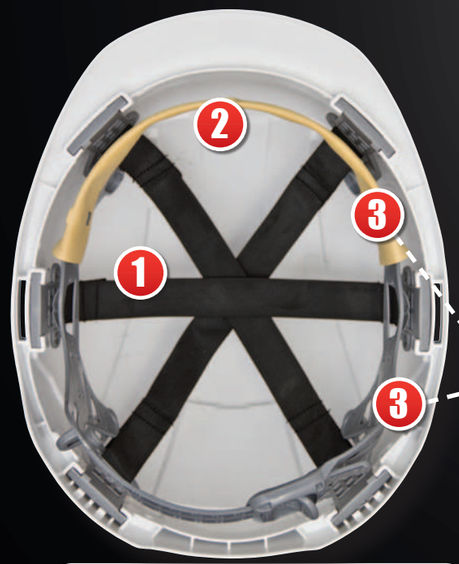
EVO Lite®

THE LIGHTEST SAFETY HELMET AVAILABLE IN THE UK

JSP®
OXFORD, ENGLAND

The EVO Lite® is extremely lightweight, weighing in at under 300g, around 20% lighter than a standard safety helmet. The low weight coupled with the new supreme comfort harness and unique 1-2-3 point rear harness depth settings ensure a perfect, comfortable fit for all head sizes. Performing above the EN397 standard thanks to its ABS lightweight shell and cutting edge design developed by the JSP R&D team responsible for EVO8® the world's strongest industrial safety helmet.



1. **Supreme Comfort**
   Weighing just 300g with a 6 point Terylene cradle harness system offering unrivalled comfort without compromising performance.
2. **Deluxe Sweatband**
   Egyptian cotton core with porous PU coating for maximum sweat absorption. PH neutral, dermatologically tested.
3. **Precision Fitting**
   Never before has such a precise fit been attainable on an industrial safety helmet, using the unique 1-2-3 point harness depth settings - 1 for smaller heads, 2 for medium size heads, 3 for large size heads.
4. **Universal Accessories Slots**
   Enables firm fitting of a range of 'Surefit™' safety visors, and ear defenders.
5. **Ventilation Option**
   Side and rear ventilation for optimum air movement inside the shell, reducing helmet temperatures by an average 2-3 degrees.
6. **Branding**
   Our largest logo print area yet! Increasing brand and workforce recognition.
