Multi-Purpose Heavy Duty Cutters 200mm

Engineered for strength and reliability, these Multi-Purpose Heavy Duty Cutters are ideal for tougher cutting tasks in demanding environments. They feature robust stainless steel blades and reinforced handles to provide maximum cutting efficiency and durability.

Features and Benefits

- Heavy duty design is suitable for cutting thicker materials such as cardboard, plastic, fabric, and light-duty wiring
- Durable stainless steel blades provide long-lasting sharpness and resistance to corrosion
- Reinforced ergonomic handles ensure comfortable grip and enhanced control during intensive use
