TRAVO100ELEC

Intervention barrier with PVC frame - 1 m - Electric hazard

Intervention barrier for partitioning off an area or creating a passage. Lightweight and very stable with its 3 panels, it is easy to install and transport. Made with a PVC structure and polyester panels. Highly customizable, the barrier can be extended with additional sections, bases, and a transport bag. It can adapt to all circumstances with various models and customization options (fabric type, color, printing, finish). The fabric is attached using Velcro and it comes with all the necessary connectors.

EAN 3321361001978
HS Code 3926909790

Color : Black/Yellow/Grey
Made of : Polyester / PVC

Specifications :

Height (mm)	Post diameter (mm)	Net weight (kg)
1000	25	2,09
