SES - K4 tool	0710 0504 000	1	140	120	RS 146-0245, rød/sort

• SES - K1 universal crimping, stripping and cutting tool for insulated and uninsulated bootlace ferrules (6 matrices) 0,25 to 2,5 mm²

- Universal tool with leaf spring.
- In matt black forged steel.
  Crimping : 0,5 - 0,75 - 1 - 1,5 - 2,5 mm²
  Stripping : 0,5 - 0,75 - 1 - 1,5 - 2,5 mm²
- Cutting mechanism.
- Insulated handles.

type	article number		length mm	weight g
SES - K1 tool	0710 0501 000	1	150	140

• SES - K3 universal crimping and stripping tool for insulated and uninsulated copper tube bootlace ferrules (7 matrices) 0,5 to 16 mm²

- Simple crimping tool.
- In matt black forged steel.
  Crimping : 0,5 - 0,75 and 1 - 1,5 - 2,5 - 4 - 6 - 10 - 16 mm²
- Cutting mechanism.
- Insulated handles.

type	article number		length mm	weight g
SES - K3 tool	0710 0503 000	1	230	240

• SES - K35 tool for insulated and uninsulated bootlace ferrules (4 matrices) 10 to 35 mm²

- Simple crimping tool.
- In matt black steel metal sheet.
- For copper tube bootlace ferrules of large section :
  Crimping : 10 - 16 - 25 - 35 mm²
- Insulated handles.

type	article number		length mm	weight g
SES - K35 tool	0710 0506 000	1	225	230
