HDMI SWITCHES

4 Port HDMI Switch

The HD-SW104ADUO is a high-performance and small-sized HDMI UHD Switch. It allows four HDMI devices to be connected to one HD Monitor, Projector or TV. With a touch button design, switching is easier and convenient.

The intelligent function will switch between HDMI sources as and when they are plugged in, removed or turned off. It is supplied with a remote control for ease of switching.

Features

- Switch easily between four HDMI sources
- Multi-functional switching; intelligent or mechanical
- Supports video resolutions up to 4k x 2k @60Hz
- Video amplifier bandwidth: 6Gbps/600MHz
- Support Full 3D
- Supports HDCP 2.2
- EDID Bypass

Contents
