INSULATED VDE TOOL SET 32 PCS FOAM 6 (OUR OWN CABINET - KEN-594-5580K)

This Insulated VDE Tool Set Foam 6 module is designed as a specific component of the wider 114-piece VDE tool system constructed to fit the KEN594558 0K cabinet. It provides a professional selection of VDE-certified insulated ratchets, sockets and accessories in both 1/2" and 1/4" drive sizes, supporting safe and efficient work on live electrical systems. Fully compliant with IEC 60900, this collection is ideal for electricians, maintenance engineers and industrial technicians who require reliable insulation protection up to 1000V AC.

Features and Benefits

- IEC 60900 VDE-certified insulation ensures safe working on live electrical systems up to 1000V AC
- Combination of 1/2" and 1/4" insulated ratchets and sockets provide versatility across electrical and mechanical tasks
- Insulated hexagon sockets and bit sockets enable safe tightening and loosening of fasteners in confined live environments
- Modular design allows seamless integration with other foam trays to form a complete 114-piece insulated tool solution
