Brand : Kennedy

SPS/25 25LTR PLASTIC SYPHON PUMP

Product Information :

Available to suit 25 or 205 litre containers, these syphon pumps are an efficient way of controlling and dispensing a host of fluids. Comprised of a flexible plastic outlet and semi-rigid inlet tubes, the hand pumping units incorporate one-way valves. Suited for use with petrol and diesel as well as with non-corrosive liquids. All tubes can be cut to length and are fitted with a threaded bung. Model SPS/25 has a squeeze action and models SPS/205 and SPH/205 have a plunger-type action.

Features and Benefits
- Tubes can be cut to your desired length to meet your requirements
- Suitable for use with petrol, diesel and all non-corrosive liquids
- Available to suit three sized containers
- Flexible nature allows you to manipulate the pump to your desired position

Typical Applications
- Engineering
- Aquatics
- Automotive

EAN Code - 5036140116344
