Spark Lighter For Use With Gas Welding Equipment

RS Stock number 179-730

Description:

This pistol lighter has an easy trigger operation and enables rapid replacement with a single flint. This ignites all fuel gases, under most conditions with total reliability and safety.
The light trigger action makes it easy to use and the handle design ensures your hand is kept well away from the flame or burner. Each flint offers approximately 1000 ignitions.

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.
