Product Code: KEN5405600K
Brand : Kennedy

5LTR POLYETHYLENE MEASURE

Product Information :

Manufactured from polyethylene, this range of measuring jugs is resistant to most commonly used chemicals and oil. With varying capacities, the clear vessels are ideal for measuring a host of liquids. Each product possesses a blue, metric measuring scale and can be purchased in varying capacities. Finished with an integrated, moulded handle and a v-lip pouring spout for easy distribution of the liquid.

Features and Benefits
- Chemical and oil resistant making them useful for measuring liquids in automotive settings
- Available in a range of sizes to suit various requirements
- Polyethylene construction makes for a durable and hard-wearing product
- Clearly marked graduations for easy reading and measuring

Typical Applications
- Painting and Decorating
- General Purpose
- Domestic use
- Construction
- Automotive

EAN Code - 5036140116511

PRODUCT ATTRIBUTES
