KENNEDY PROFESSIONAL

DATA SHEET

265mm Pro-Torq Groove Joint Waterpump Pliers

This set of pro-torq groove joint waterpump pliers combines safety and strength. Featuring a double polished head and joint with hardened steel jaws as well as a dual material grip handle manufactured with a polypropylene core for strength and durability with a soft thermoplastic outer for non-slip comfort grip. The product is ideal for environments where repetitive work is undertaken. Finished with a joint protector that stops the handles closing together, preventing trapped fingers.

Features and Benefits

- Joint protector stops the handles from fully closing together to avoid trapping fingers
- Manufactured from resilient steel with a double polished, satin finish for product longevity
- Serrated jaws bolster gripping action for strength
- Non-slip dual material grip ensures comfort and control when using

Technical Specifications

- Overall length: 265mm (10-1/2")
- Finish: Satin

Typical Applications

- Construction
- Automotive
- Plumbing
