Cast receiver

AirServer Connect 2

- Legamaster AirServer Connect 2 offers the easiest ways to share your screen. No apps or additional hardware is required on current operating systems
- The custom hardware allows for streaming in 4K, 60FPS
- With the new user interface you have the capability to adjust the AirServer Connect 2 background to own wishes
- The supported AirPlay, Miracast and Google Cast protocols make this a universal solution, fit for all devices. From Mac to Android, Windows to Chrome, Legamaster AirServer covers your needs
- The integrated guest network makes sure anyone can connect, even when they are not on the company / school network
- Legamaster AirServer Connect 2 keeps your networks safe. Administrators can set the rights for users casting or streaming, allowing for a closed of system or enabling internet+LAN access for users
- Because the Legamaster AirServer Connect 2 is a dedicated device, there are never any processes or other software programs running in the background that could slow down the system
- No need for Manual Updates, Over-the-air updates are on point
- With the new Device Management integration you can see which devices are mirroring and connected
