DATA SHEET

Product Code: KEN5583920K
Brand : Kennedy

250mm/10" SAFETY WIRE TWISTING PLIERS

Product Information :

Manufactured from chrome vanadium steel with ground and polished head. Cross knurled jaws with wire cutter. Used for safety-wiring critical fasteners and electrical connectors.

Features and Benefits
- Manufactured from chrome vanadium steel making for a robust product
- Ground and polished head for accurate twisting

Typical Applications
- Electrical
- Construction
- DIY

EAN Code - 5036140001350

PRODUCT ATTRIBUTES

Handle Material	- Painted
Jaw Length	- 13mm
Jaw Material	- Chrome Vanadium Steel
Jaw Style	- Serrated
Maximum Wire Gauge Capacity	- 0.8mm
Minimum Wire Gauge Capacity	- 0.55mm
Nose Shape	- Tapered
Overall Length	- 265mm
Return Type	- Automatic
Rotation Direction	- Clockwise
Wire Gauge Capacity Range	- 0.55 to 0.8mm
