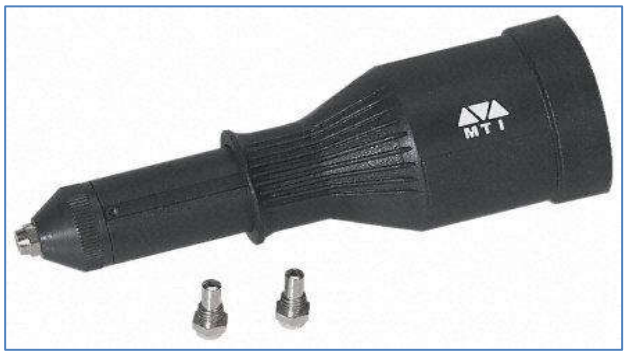
Datasheet
Rivet Gun

RS Stock number 468-3564



Description:

Maximum Rivet Size: 4.8 mm
Professional tool for easily punching rivets in one go with a reversible electric drill
Replaces the manually operated mechanical riveting pliers
For processing both conventional and wide-head rivets
Maximum load 225 kg
Supplied with 3 bits for Ø 3.2, 4 and 4.8 mm rivets

Functionality:

Tighten the tool and corresponding bit in the drill
Run drill clockwise to set the rivet until the shaft breaks
Run drill anti-clockwise to eject the broken shaft
