DATA SHEET

Product Code: KEN5606050K
Brand : Kennedy

6.0mm (SET OF 9) FIGURE PUNCHES

Product Information :

These hand stamp sets produce a standard positive indent of either numbers or letters depending upon your product selection. The product is manufactured from drawn carbon steel and is nickel-plated with chamfered edges to prevent accidental damage to the workpiece. Always check the set contents before purchasing, as the sets vary in quantities and contents.

Features and Benefits
• Nickel plating further protects the product from corrosion and wear and tear
• Manufactured from carbon steel for overall durability
• Chamfered edges prevent accidental damage to the workpiece
• Available in a variety of specifications including just numbers or a combination of numbers and letters in differing quantities to suit your requirements

Typical Applications
• Industrial
• Warehousing
• Labelling

EAN Code - 5036140225305
