Pro-Torq Screwdriver, Set of 12

Product Information :

This 12 piece screwdriver set is suited for professional use. Manufactured from chrome vanadium steel blades with magnetic tips, each tool is fitted with a unique dual grip triangular handle which has been designed for improved user comfort, allowing more torque to be applied. The set contains Pozi, Flared, Parallel and Phillips drives. Manufactured with a convenient hanging hole in the handle for storage. All supplied in a zip-up fabric case.

Features and Benefits
- Dual material, high torque handles for bolstered grip and comfort
- Magnetic tips ensure accuracy of torque delivered and hold the fastening in place
- Each product possesses chrome vanadium steel blades for durability
- Supplied in a zip case for storage and organisation
- Each screwdriver possesses a hanging hole

Typical Applications
- DIY
- Construction
- Automotive
- Engineering

EAN Code - 5036140003101
