KENNEDY PROFESSIONAL

DATA SHEET

Metric Short Arm Combination Spanner, Chrome Vanadium Steel, 11mm

Manufactured from quality chrome vanadium steel with hardened jaws and a high polish mirror finish, this range of short arm combination spanners is ideal for regular professional use. Corrosion-resistant and easy to clean, the heat treated tapered jaws and ring are offset at 15° for easier location and application of torque to the fastener. The short arm allows the product to be used effectively in areas of very restricted access.

Feature and Benefits

- Length: 100mm
- Both ends are offset to a 15° angle to allow you to apply torque effectively and easily
- Repels dirt and oil due to the highly polished mirror finish
- Manufactured from chrome vanadium steel making for a robust product
- One ring end and one open end ensure the versatility of the product
- Available in a wide variety of sizes to suit your requirements

Typical Applications

- DIY
- Plumbing
- Engineering
- Automotive

Standards

- Conform to **ASME B107.6**
