Brand : Kennedy-Pro

13mm DEEP SOCKET 3/8" SQ DR

Product Information :

Available in a range of metric sizes, these 3/8" square drive, bi-hexagon deep sockets offer superior torque with minimal user exertion. Manufactured from chrome vanadium steel and complete with a chrome-plated, polished mirror finish. With a 12 point side and side drive, the deep socket gives a higher torque than normal sockets, grips worn nuts and will not round off existing nuts. Each socket possesses a ball-retaining groove on each face of the square drive, which ensures a positive fit with accessories. Requires only a one-twelfth turn to engage the next point of the socket.

Features and Benefits
- Manufactured from durable chrome vanadium steel for longevity
- Polished mirror finish repels dirt and grime
- Require only one-twelfth of a turn to engage the next part of the socket for quick fastening and loosening of nuts
- Ball retaining groove ensures a positive fit with accessories and reduces slippage
- 12 point and side drive allows you to deliver more torque than a standard socket

Typical Applications
- Engineering
- Plumbing
- DIY
- Automotive

EAN Code - 5036140134225

PRODUCT ATTRIBUTES

Bit Type	- Bi-Hex
Drive Size	- 3/8in.
Drive Type	- Square
Finish/Coating	- Chrome-Plated
Finish/Coating	- Mirror Finish
Material	- Chrome Vanadium Steel
Number of Points	- 12
Overall Length	- 62mm
Size System	- Metric
Socket Depth	- Deep
Socket Size	- 13mm
Socket Type	- Bi-Hexagon Socket
