KENNEDY PROFESSIONAL

DATA SHEET

1/2" Hexagon Bit Socket, 1/2" - Imperial

Designed for simple insertion and removal of fasteners and fixings using 1/2in. square drive tooling. Made from chrome vanadium steel, each component is fully chrome plated with a mirror finish and is aluminium-free.

Features and Benefits

- Manufactured from chrome vanadium steel for overall durability
- Fully chrome plated to further protect the component from corrosion as well as more general wear and tear
- Ball retaining groove on each face of the square drive for positive lock
- Aluminium-free construction ensures non-sparking
- Available in a variety of imperial sizes to suit your requirements

Technical Specifications

- Material: Chrome vanadium steel
- Finish: Chrome plated
- Drive size: 1/2"
- Drive type: Square
- Socket size: 1/2"
- Socket depth: Standard
- Bit type: Hex
- Bit length: 20mm
- Overall length: 55mm

Standards

- Conforms to **DIN** standards

Note.
