DATA SHEET

Metric 1/2" Square Drive Screwdriver Bit Socket Set - 20 Pieces

Used for insertion and removal of fasteners and fixings using 1/2"square drive tooling, this set has applications that are most suited to the engineering industry. Manufactured from chrome vanadium steel and fully chrome plated with a mirror finish and aluminium-free, all pieces in the set have a ball retaining groove on each face of the square drive. Completed by a knurled body for bolstered grip and an optimum weight to strength ratio to ensure the reliability and accessibility of the product.

Features and Benefits

- Manufactured from chrome vanadium steel to bolster product life and hardiness
- Unique knurled body gives extra grip which is essential for a quick tool change when your hands are greasy/oil
- Supplied in a plastic carry case with moulded slots for each size square drive to help organise your tools and for ease of transportation
- 20 piece kit ensures you have all of the most common and necessary sizes for a host of applications

Typical Applications

- Ideal for use most often in the automotive and aerospace industries as well as more general engineering purposes

Standards

- Manufactured to **DIN**

Set contains:

1x 4, 5, 6, 7, 8, 10, 12, 14, 17 and 19mm sockets
1x 3/16", 1/4", 5/16" ,3/8", 1/2", 9/16" and 3/4" AF sockets
plus No.2, No.3 and No.4 Bit Crosspoint
