MO-44

Backpack with wheels for electrician. 460 x 330 x 240 mm

Application:

- Ergonomic wheeled backpack, reducing musculoskeletal disorders.
- Perfectly fitted for transport and storage of the tool kits, laptop and helmet.
- Provides 3 modes of carring: hand, wheels or back.

Features:

- Synthetic fabric.
- Ultra-resistant and light structure, providing great stability.
- Numerous interior pockets (clearly visible in the main compartment thanks to red borders), exterior pockets for a great storage capacity and removable tool-holder.
- Ergonomic foamed shoulder straps, with possibility to store them in a special pocket for not dragging on the ground.
- Foam-filled protection reinforcements for a better back and lumbar comfort.
- High-strength and silence-proof wheels – non replaceable.
- Zip closure with double metal slider lockable for securing the content.
- Telescopic adjustable handle 2 heights.
- Side compartment for insulating mat and front retractable pocket for helmet.
- Name-tag label for luggage recognition
- Reflective strip for night-time visibility.
