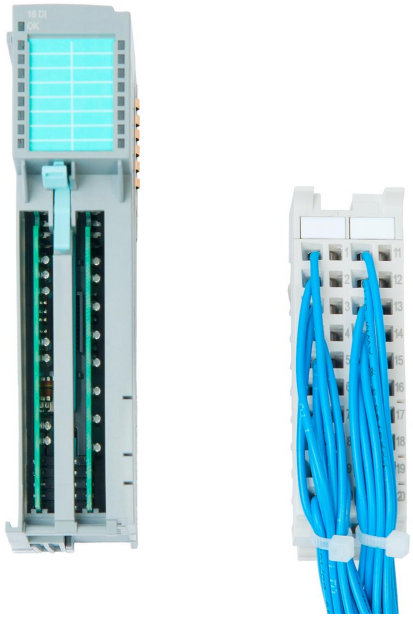
600-910-1AT01Q



20-pin, 3.2 m

- Cable length 3.2 m
- 0.5 mm², RAL5010, blue (RAL 5010), UL/cUL Style 1015, 600V
- 20-pin

Info

The 20-pin front connector with wires and spring-loaded technology enables easy connection of sensors and actuators to the input/output modules of the TB20 I/O system.When replacing I/O modules, the wiring can thus be maintained, assembly time saved and wiring errors avoided.
